- ✓ Required for certification as „Cultural route of the Council of Europe“
- ✓ **Organ** of the FORTE CULTURA association
- ✓ **Elected by the General Assembly** for 2 years (max. 8 seats)
currently 3 architects/historians, 2 tourism/economy experts

Nature, role and responsibilities of the scientific boards of Cultural Routes

- Cooperation for the exchange of knowledge and experiences, interlink of disseminated knowledge,
- Initiation of the production of relevant knowledge, theoretical and practical research, interdisciplinary analysis
- Networking between the tourism industry and the cultural heritage industry through a clear cooperation project with a research agenda,
- Development of multi-layered networks with other routes' boards, but also with universities, researchers and NGOs at local, national and international levels,
- Establish strong partnerships with different authorities and stakeholders at the international, European, national and local levels.

- **Rules**
- **Instruments**
- **Guidelines**
- **Support/exchange**
- ...

(related to the specifications of
the Cultural Routes Institute)

Activities of the FORTE CULTURA Scientific Committee 2020/21

- ✓ Online meetings
- ✓ Set up structure of a SC
- ✓ Structuring of inputs for members
(i.e. knowledge exchange, student exchange, etc.)
- ✓ Set up priorities for the network
