

EFFORTS NEWSLETTER nr. 22 MAY 2022

A WORD FROM THE PRESIDENT

Dear EFFORTS Members,
Dear members of the EFFORTS community,

EFFORTS celebrates its 5th year ! Congratulations to the 120 members that made this possible!

I am therefore happy to announce that the seventh **EFFORTS Congress of 2022** will take place in Kaunas, Lithuania, from 6 to 7 October, with Board and AG meetings on the 5th. We are very proud to be a partner of '**Kaunas 2022 European Cultural Capital of Europe**'.

EFFORTS members are again fully opening their sites and organise their events. With EFFORTS we want to support this and give this common heritage a platform. Therefore we set up the **European Fortress Summer (EFS)**. Read in this newsletter on how to register and participate in the run for the **EFFORTS Award** for most innovative participant in EFS.

EFFORTS is also proud to connect with Ukrainian fortified sites and cities as was presented in April in the **EFFORTS – Forte Cultura – Ukraine Cooperation and Twinning programme**. We support our colleagues in this war-torn country. 4 Partnerships are in the making today. Join this initiative by letting the EFFORTS secretariat know.

Enjoy the coming summer months and European Fortress Summer !

*Frank Petter,
Mayor of Bergen op Zoom, Netherlands
President of EFFORTS*

EUROPEAN FORTRESS SUMMER 2022

In order to present Europe's forts and fortifications to a larger European public, international partners, together with EFFORTS, the European Federation of Fortified Sites and defence lines and its partner FORTE CULTURA present the annual Europe-wide event '**European Fortress Summer**'. From all participants, the **annual EFFORTS AWARD** is selected and presented at the **EFFORTS annual congress**.

→ REGISTER on <https://www.forte-cultura.eu/en/fortress-summer/efs/efs-registration>

European Fortress Summer brings together events on sites of fortified heritage spanning the larger summer season (May to September). **JOIN US** by registering on this website and your site and event will

- be part of the **European Fortress Summer agenda with dozens of European Fortified sites' events**
- be communicated on **EFFORTS Europe FORTE CULTURA social media**
- be presented at the October 2022 EFFORTS Congress and **compete for the EFFORTS AWARD**.

In 2022 the EUROPEAN FORTRESS SUMMER EVENT is '**EFFORTS Goes Green**', using your event as a showcase for EU Green Deal Actions.

After registration, communicate your event, to the public *anywhere*, and the event can be anywhere during the summer, tag your social media posts with **#effortseurope #europeanfortresssummer**, take note of visitor numbers and send on office@forte-cultura.eu by 30 September the event participant amount number, with good photos or film (especially with people).

Good luck ! Enjoy the European Fortress Summer !

EFFORTS 7th ANNUAL CONGRESS

Community building for European Fortified Heritage

Inclusive, creative, innovative and green solutions - increasing cultural access and participation

Over the years European fortified sites have been transforming into places for participation in arts, culture and memory. They also reveal their potential in regional sustainable development and climate change adaptation. The 2022 EFFORTS Europe congress is organised on fortified heritage revitalisation subjects: horizontal integration of the role of fortified heritage, re-use and adaptation strategies, and social integration and creative innovation in local communities. Join us in the European Fortified Heritage community co-creation: the 2022 EFFORTS CONGRESS, partner of Kaunas European Capital of Culture 2022 welcomes you in Kaunas, Lithuania.

3 PARTS:

PART 1 - HERITAGE COMMUNITIES

Heritage Communities value specific aspects of cultural heritage which they wish, within the framework of public action, to sustain and transmit to future generations. Focus on European fortified heritage diversity and on common values: reclaim, redefine and adapt through local participation, volunteerism and community-based cooperation.

Key elements: Culture and creativity, aesthetics, architecture, design, creative industries-hubs: open fortified sites by encouraging people to participate in culture and art, participation, accessibility and communication, memory institutions, heritage volunteers, heritage operators and stakeholders or placemakers (building of identity and memory, education, dissonant heritage and Forts/Unchained EFFORTS project).

PART 2 - ON-SITE WORKSHOPS

1. COMMUNITES OF SHARED MEMORY: Museum of Ninth Fort
2. REGENERATIVE PLACEMAKING: Fort no. 1., Fort no. 3.
3. PROTOTYPING FUTURE: Kaunas Fortress Park Workshop Office
4. INCREASING PARTICIPATION: Fort no. 4
5. SUSTAINABLE STRATEGIES

PART 3 - GREEN CULTURAL ROUTES AND SUSTAINABLE LOCAL COMMUNITIES

Cooperation for tourism, cultural routes and local development. How to make fortified heritage sites inclusive, resilient and sustainable? Focus on different examples of how fortified sites contribute to the development of sustainable tourism. Learn about a variety of cross-border and regional cooperation projects co-creating green cultural routes and contributing to local development.

Keywords: heritage supporting environmental quality, social business, social cohesion, inclusive economic development, equity, access for all to fortified heritage sites, community well-being and resilience.

Also in the programme :

- 'Forts/Unchained', the EU CERV project proposal (EFFORTS, with among others Fort 9 Kaunas)
- Joint Scientific Committee Forte Marghera 2022 September launch
- EFFORTS Forte Cultura Ukraine Cooperation - Twinning Programme
- European Fortress Summer and EFFORTS AWARD presentation
- Conference resumé - 'From 2022 Brussels to 2022 Kaunas – the call to action'

2021 EFFORTS CALL FOR ACTION

Goals of the sixth annual **EFFORTS Congress, with 100+ participants**, were:

1. To present the key elements of the **EU Green Deal** for fortified heritage sites in Europe;
2. To present European local and regional authorities' fortified sites' **best practices** in sustainable heritage and energy and climate adaptation actions.
3. To come to a joint EFFORTS network action plan based on the EU Green Deal

EFFORTS is fully continuing with the roll-out of these goals, 9 months after the last annual congress. It will work further on its 2021 Call for Action:

The European Federation of Fortified Sites

HERITAGE CALL for ACTION

'EFFORTS GOES GREEN'

2021 CONGRESS, 13 January 2022

INTRODUCTION

Fortified heritage or built military heritage are forts, fortifications, fortified churches, walled cities, defence lines from Roman times to the Cold War. They uniquely exist in large numbers in every European country. Fortified sites, being precious testimony to the collective memory, represent an expression of Europe's cultural heritage. They demonstrate the intrinsic need to defend borders in the past, however, today this shared history contains symbols of our common European history, now uniting Europe instead of dividing it. They hold a significant potential for the definition of **functions that tackle modern-day societal, technological and environmental challenges**:

- **reaching environmental targets**, through:
 - innovation in climate mitigation by redevelopments and restorations taking into account zero-emission and renewable energy approaches;
 - 'green and blue' centers (nature/ parks and water);
 - being sites of unique biodiversity and bio-ecosystems;
 - contributing to the promotion of innovative technologies & new forms of entrepreneurship (incl. human centred approaches).
- **increasing cultural access and participation** and intrinsic cultural/artistic heritage values of fortified heritage (incl. shared European and international heritage, local traditions, wellbeing, all relating to the New European Bauhaus Initiative);
- **enticing societal engagement**, inclusion and diversity (incl. broader outreach), incl. heritage as a 'a societal glue', connecting within local communities (broader than only EU);

HERITAGE CALL FOR ACTION

EFFORTS therefore calls its members to work together, in the framework of the EFFORTS Goes Green project 2022-2024, on the following **ACTIONS**:

1. Enforce a **multilateral European cooperation framework** for common projects, based on the exchange of knowledge (in the EFFORTS **Fortification Heritage Knowledge Center** in Forte Marghera (IT), with the EFFORTS Forte Cultura **Joint Scientific Committee**)
2. Engage in **capacity building for public and private stakeholders** and achieving the European Green Deal goals through adoption of climate change adaptation and socially inclusive action, making fortified heritage the catalyst for green urban development and cohesion and the driver of European social values.
3. Establish fortified heritage as a complementary key tool for the implementation of the **New European Bauhaus Initiative**.
4. Foster cross-cutting holistic green knowledge on **management and rehabilitation of fortified sites** using:
 - climate change actions;
 - state of the art energy solutions;
 - green responsible tourism;
 - social integration and inclusiveness and cultural diversity;
 - empowering local communities on the basis of the Council of Europe Faro Convention on the value of cultural heritage for society.
5. Use fortified sites as **green buffers for post-pandemic community wellbeing** locations and **creative placemaking (European Fortress Summer)**.

EFFORTS - FORTE CULTURA JOINT SCIENTIFIC COMMITTEE

On 15-16 September 2022, EFFORTS member Fondazione Forte Marghera will host the **EFFORTS Forte Cultura Joint Scientific Committee presentation**. The Joint Scientific Committee will be an active database of experts in all fields of action of EFFORTS, via established sub-committees or ad-hoc committees: in heritage, history, management, social science, environment and climate, architecture, archeology, digital development and databases and fortress management. We are always looking for experts in these fields. The committee will work with the **EFFORTS Fortification Knowledge Center** in Forte Marghera (Venice Mestre, IT). One of the tasks of the Committee is the **Fortification Heritage Study** of which a first part was published by the Knowledge Center in 2021. It is linked to the ICOFORT expert data base.

For participation in the Forte Marghera Conference, your JSC candidature or more information, contact EFFORTS at info@efforts-europe.eu or FORTE CULTURA at office@forte-cultura.eu

Fiorenzo Meneghelli, Natasa Urosevic, Stefano Mondini and Daniele Sferra, heading the EFFORTS – Forte Cultura Joint Scientific Committee, the EFFORTS Fortification Heritage Knowledge Center, and Fondazione Forte Marghera, at Forte Marghera on 18 May 2022.
