prof.Mykola Bevez,

As.Ilya Lytvynchuk.

LNGMA(Taras Voznyak)

NGO "Pidhirtsy Sholom" (Ihor Kavych)

- **Ukraine is known for its heroic history.**
- The fortification systems of the 7th-11th centuries, 17th-18th centuries, 19th-20th centuries, and 21st centuries
- require extensive research and popularisation at the global level.
- The available cartographic, iconographic and bibliographic sources in national and world archives and libraries require systematic research.

## • **PROJECTS**

- ERASMUS
- ERASMUS+.
- HORIZONT, etc.

- **TOURISM ACTIVITIES**  
(hotels, trips, excursions)

# Main idea.

- **To promote**
- the adoption and adaptation of foreign experience in the preservation and revitalisation
- the fortification heritage by the Ukrainian expert community; creating a network of cooperation
- the main participants in the field of preservation and modern use of historical fortification objects;
- emphasising the European genesis of Ukrainian fortification monuments; strengthening political,
- economic, socio-cultural economic, socio-cultural impact of fortification heritage monuments in Ukraine.
- tourism activities

# Project Idea

## Historical Fortification and Revalorization

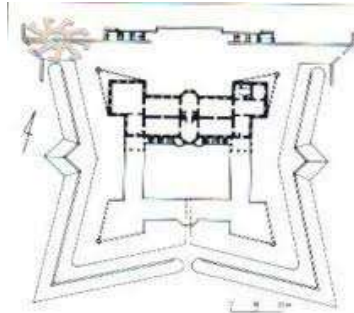

- Establish in the Lviv Polytechnic National University a new platform (EFFORT`s subdivision ( on the basis of the IARD) as all-Ukrainian network , project and research center ( for study of fortifications of Ukraine – architecture, history, theory and projects of revalorization realization)
- prepared by **Oresta Remeshylo-Rybchynska**
- (Associate Professor of the Department of IARD, Lviv Polytechnic National University)

# Directions for activities in future.

- **1.** Create an EFFORTS branch in Ukraine on the basis of Lviv Polytechnic National University
- Creation of an interactive online platform for quick registration and search for partners among the main players in the field of preservation and use of the fortification heritage of Ukraine and other European countries. Supplementing this online resource with a powerful digital tool for collecting, analyzing and disseminating information on the state of research, preservation and use of fortification heritage monuments in Ukraine and other European countries.

# Directions for activities in future.

- **2.**Develop participation of Ukrainian and international experts and students in the Summer Schools Programme:
- **Sibenik** (Croatia) -2025;
- **Pidhirtsi** (Ukraine) -2026-2027;

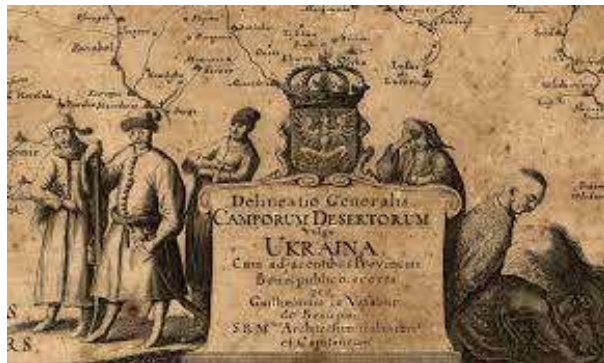

# Directions for activities in future.

- **3.** To develop project proposals and find financial opportunities for the formation of infrastructure for the Summer Schools in Pidhirtsi village near Lviv on the territory of 0.5 hectares (together with the NGO "Pidhirtsi -Sholom). Research of the 7th-12th century fortifications in Plisnesk and the palace on the 17th century fortifications

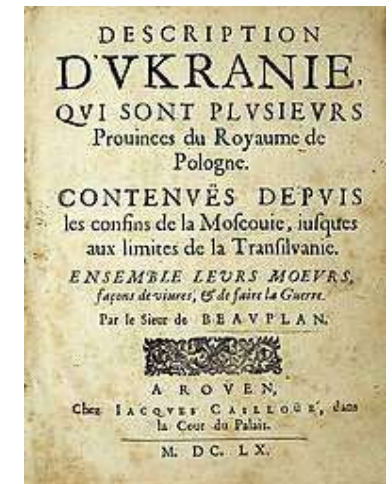

# Directions for activities in future.

- 4. Together with experts from international scientific and educational institutions, investigate fortifications in Ukraine known from Guillaume Levasseur de Beauplan cartographic materials. "Beauplan, Dell'Acqua and Other Great Names of the Baroque Era" (the title is working and not final, for example, Creativity and Unity of Europe: Beauplan, Dell'Acqua and others).

«Delineatio Generalis Camporum Desertorum vulgo Ukraina, Cum adjacentibus Provinciis»), 1648
